'The purpose of supervision is to ensure the best interests of the coachee and the client are protected and to provide educative and restorative support to the coach.'
Myles Downey

At this event, you will gain information about all aspects of coaching supervision, how to use it and what it looks like in action. There will also be time for your questions and discussion on key aspects of coaching supervision.

This event will give you confidence in how to use a coach supervisor as an important part of your CPD and will significantly increase your awareness of some of the subtle aspects of your practice, so that your coaching will become more efficient and effective.

This is a blue category event

Coaching Supervision is understood by EMCC, ICF, AC and others to be an integral part of coaches' professional development. EMCC, in consultation with others, will be producing competencies for Coach Supervisors in 2007. Many companies now require their coaches to be in Coaching Supervision with a qualified Coach Supervisor – preferably one with a background in psychology.

In this workshop you will:

- ✓ Find out what Coaching Supervision is
- ✓ Find out why it works
- ✓ Find out how to make the best use of Coaching Supervision
- ✓ Be introduced to CSA's Full Spectrum Model of Coaching Supervision.
- ✓ See Coaching Supervision in action
- ✓ Have all our questions answered.

This is another very special event, and definitely one not to be missed! As usual we do expect to sell out early so please reserve your place now.

To book, please RSVP to susanne@associationforcoaching.com

The forum is eligible for CPD and a Certificate will be given the night of the event. We look forward to seeing you there!
